Finding Community
It’s a team effort

• Your student will have a lot of support but we need your help
• Ask questions that show interest in their transition and progress:
  • Who’s your favorite professor and why?
  • How are you spending your down time?
  • What class(es) do you like the most?
  • What’s the biggest difference between Community College and UC Davis?
  • Tell me about your roommates.
• Encourage them to come to the TRC and ask questions
