Talking About BIKES @ UC Davis
Over 20,000 bikes on campus each day

31,000 bike parking spaces

Over 22 miles of bike lanes and paths

25 roundabouts
Does everyone have a bike?

Pretty much, yes

• **Buy a quality bike**
  - “Aggie Bike Buy” from the ASUCD Bike Barn is a great choice!
  - Order by August 26th to have your bike available for move-in weekend!

• **Register your bike**
  - If it’s impounded, you’ll want to prove it’s yours.

• **Plan ahead for bike repair**
  - Strongly consider a service plan @ Bike Barn
  - Lubricate your chain (or have the Bike Barn do it!)
  - Buy puncture-resistant tires
Will my bike get stolen? With your help, no

- Buy quality lock and use it right
  - U-lock from Abus, Kryptonite, or OnGuard are very reliable
  - Almost every U-lock can secure a wheel and the frame of the bike to the rack.

- Only lock in bike parking areas
  - Highly trafficked areas are the least targeted.

- Move your bike around
  - Thieves target ignored bikes.

- Keep your bike maintained!
  - Thieves target abandoned bikes! (Flat tires, rusty chains, webs)
I want to bike, but I don’t want to worry about theft or maintenance…

We have the bike just for you!

- $30 for your first YEAR with UC Davis email
  - 1 hour use per day, $0.07/minute after that.

- Electric Pedal Assist
  - Barely break a sweat in the summer.

- Built-in lock & lights
  - Just park it at a bike rack when done.

- JUMP takes care of all maintenance
Is it safe to ride?

It’s as safe as you make it and we will help you be safer.

• Be aware
  • Put away the phone anytime you’re on any wheels.

• Ride predictably
  • Ride with the flow of traffic and use hand signals.
  • “Drive your bike”

• Free bicycle education
  • Take bike safety classes when offered (online and in person)

• Buy and wear a helmet
  • Make sure it fits, is properly adjusted, and is buckled.
